Title: Quality Control Engineer

Duties: Analyze documents; develop detailed shop drawings in AutoCAD. Prepare quantity take-offs and estimate costs of materials, labor, and use of equipment required. Develop and maintain a quality control (QC) plan, create documents and forms to track findings, and supervise ongoing construction work. Perform engineering and project management to ensure work compliance with all regulations, codes, safety, project specifications, and division QA/QC procedures/plans. Prepare the project schedule on the Primavera (P6) software and monitor progress and effectiveness of the management system.

Requirements: Master's degree (or equivalent) in Civil Engineering or a closely related field. Will accept U.S. equivalent of the degrees.

Days/hours of work: 40 hrs. per week. 8:00 am to 5:00 pm M-F

Rate of Pay: \$117,666 per annum

Geographic Location: Brooklyn, NY. Local travel, client (commuting distance of office) required.

If interested, please contact Attn. HR, at 4400 2nd Avenue, Brooklyn, NY 11232 (Ref. #1501B).
No Phone Calls Please.
